

Chairperson's report November 2013 – 2014

Here at the Glebe we are very proud of our setting and aim to continue the high standards that have been set.

The past year has at times been challenging with low attendance numbers and staff changes. We are now running at a nearly full capacity and are very settled with our wonderful staff.

We said goodbye to Rhian in the summer term which at the time left us in a difficult situation but with the help of our committee members and Jo of course we kept going. As they say all clouds have a silver lining and ours was able to welcome back Georgina!!!

All the staff do an outstanding job with children and I would like to thank them for their hard work and commitment.

I would also like to thank the committee, parents, grandparents and volunteers for their help and continued support because without this the preschool wouldn't be able to run to its high standard!
